System 54

# S A U C 5 4 S y s t e m

Our products are designed by our internal research and development team and backed by expert service and supports.

- Anodize-powder coating  
pvdf-wood effect possible  
anti bacterial powder Coating
- 1-2-3-4-5-6-7  
track  
possible
- Glass thickness  
54mm can be combined  
with lamination glass
- Various  
locking options  
possible
- Motorise  
option  
possible
- Test report by  
international  
agency

## POSSIBILITIES

When choosing such an important aspect of your space it is best to know of all the options available and to then opt for the best match customised to your specific needs and sensibilities

-   
Insulated
-   
Fusion
-   
Vertical Slide
-   
Curve Sliding
-   
Pivote Door
-   
Inline Glazing
-   
Corner Post  
Free
-   
Motorised  
Movement
-   
Bullet Proof  
Glass
-   
System Glass  
Balustrade
-   
Solar Shading  
in System
-   
Additional Drainage  
Chamber
-   
Home  
Automation
-   
Wheel Chair  
Access
-   
In Track  
**INSECT SCREEN**

### INSIDE HIDDEN

Our clever design enables us to create a clean look hiding all mechanisms towards the inside.

### INSIDE & OUTSIDE HIDDEN

Concealed on either sides, windows that offer a complete seamless look of minimalist sophistication.

### RAILING

If paired with a set of railing can make your windows much more safe and functional.

PRODUCT RANGE

In today's modern world where trends and tastes are on a constant carousel of change, we like to be equipped with solutions and matches to every style of architecture and space design. While varying structures and spaces require different types of high quality doors and windows we believe we are more than capable of providing not just one but a plethora of options for you to choose from.

Experience and innovation walk hand in hand when it comes to being able to design, manufacture and present multitudes of aluminium systems with various finishes and customisation options available. With a promise of no compromise in quality, functionality and design we present to you our range of products.

LIMITATIONS

We believe in serving end to end solutions to all your windows and doors concerns.

| GLASS THICKNESS |      | MAX SASH    | MAX SQ.MTR |
|-----------------|------|-------------|------------|
| Min             | 52mm | Height 6000 | Sliding 12 |
| Max             | 54mm | Width 6000  | Fix 15     |

PORTER POSSIBILITY

Aluminium has proven to be prevalent over the years. Robust aluminium possesses properties that have helped revolutionize many technological sectors.

| Air                                | Uw                  | Sound insulation | Resistance to rain                  | Resistance to wind                   | Resistance to burglary |
|------------------------------------|---------------------|------------------|-------------------------------------|--------------------------------------|------------------------|
| Class 4<br>(EN 12207/<br>EN 1026*) | Up to 0.75<br>W/m2K | Up to<br>40 db   | Class 9A<br>(EN 12208/<br>EN 1027*) | Class C5<br>(EN 12210/<br>EN 12211*) | RC-5                   |

LOCKING VARIANTS

Locks are known to provide security and functionality to our doors and windows. Specially in case of aluminium doors and windows.

Electo Drop Bolt Lock | Up Down Lock | Key Lock (cylinder) | 180 Lock

## THE ONLY SOURCE OF KNOWLEDGE IS EXPERIENCE

- Albert Einstein

### 40 Years of EXPERIENCE

More than 40 years of experience in the field of design and engineering of Aluminium Doors, Windows and Curtain Walling Systems, has taught us books full of knowledge and lessons. Every unique project has equipped us to deliver our best constantly and only better with time. We pride ourselves in delivering products that are designed on the basis of research done by our internal R & D team combined with expert services and ceaseless support. Our experience enables us to serve you best.

### 40 Years of EXPERTISE

An expert is someone who knows more and more about less and less. Backed by an assorted management team of experts from different niches in the field of Aluminium systems, we deliver products, services and experiences that are constant in quality which is unmatched. From designers to engineers through management and after sales service - a 360 degree of experience and expertise are poured into all that we deliver.

### 40 Years of EXCELLENCE

With an assurance of infinite functionality and high competency against harsh climatic/environmental conditions, our products are known to surpass the test of time. We believe our passion for innovation and customised solutions should be translated through the quality of our products as well as services. A reflection of everything we stand for.
